

Personal Air Sampling Pumps & Calibrators

Personal Air Sampling Pumps

SKC Air Sampling Pumps are offered with a variety of features, in different sizes and to suit all budgets.

Covering low, medium and high flow ranges SKC pumps are suitable for a wide range of applications. Most SKC pumps are also certified to ATEX or UL standard for intrinsic safety. If you are unsure which pump will suit your requirements, please refer to the Quick Find pump guide in the product finder guides section of this site or contact our Technical Sales Team on +44(0) 1258 480188.

Calibration

SKC also provide a wide range of calibration solutions to suit all applications and budgets, from bubble film calibrators and rotameters to the new Defender electronic primary flow calibrator.
