

PRACTICAL TRAINING COURSE IN AIR SAMPLING

SKC offers a comprehensive one day hands-on practical training course covering the main areas of air sampling, looking at the various recognised methods of dust, gas and vapour sampling, and offering practical hints and tips.

The course includes:

- Introduction to sampling methods
- Exposure limits – what they are and how to monitor for them
- Dust/Gas/Vapour sampling – how, why, when with recognised methods
- Practical sampling exercises with equipment provided
- Interactive question time

Who should attend?

This course is ideal for those responsible for workplace safety or overseeing staff. It is equally suitable for beginners, NEBOSH and Diploma holders requiring practical advice, or as a refresher course for current practitioners. Also, useful for managers looking to save time and money but meet current legislation.

Course Format

The course runs from 9.00am to 3.00pm approximately. All training course materials and lunch are provided. Whilst equipment will be available, delegates are welcome to bring their own for the practical sessions.

Payment

- Payment can be made by Credit Card or BACS.
- The cost of the course is £350 + VAT and must be paid for at time of booking.
- Cancellation with full refund or any amendment is permitted 3 or more weeks prior to the course date. If cancellation is made within 3 weeks of the course date no refund is possible.

Course Dates for 2022

- 7th June (Marriott Hotel, York YO24 1QQ)
- 6th September (ibis Hotel, Southampton SO15 1RA)
- 18th October (Holiday Inn, Stoke-on-Trent ST5 4DL)
